$$OF = RBOF + NROF + PTC + CILC - LD +/- RA$$

Where:

RBOF = Routine Base Operating Fee
NROF = Non-Routine Operating Fee
PTC = Pass-Through Costs
AC = Additional Compensation
CILC = Change in Law Compensation
LD = Liquidated Damages
RA = Resolved Amount

Each component of the Operating Fee shall be computed in accordance with this Article and may be adjusted from time to time as provided in this Agreement.

- (B) The Routine Base Operating Fee. The Routine Base Operating Fee for any Invoicing Period shall be an amount equal to one-twelfth of **WRITE OUT FEE AMOUNT (\$FEE AMOUNT NUMERICAL)**, which dollar amount shall be adjusted on each anniversary of the Operation Commencement Date by the Adjustment Factor.
- (C) Non-Routine Operating Fee. The Non- Routine Operating Fee shall be paid (if applicable) as set forth in this subsection to the extent the Operator has

performed Non-Routine Services in an Operating Year. RECEIVER/TRUSTEE shall issue task orders for the performance of Non-Routine Services. These Task Orders shall be issued for work that has been negotiated on a case by case basis. The work proposed shall be submitted in the form of a proposal by the Operator. This proposal may be either of two forms; fixed price lump sum or time and materials with a not-to-exceed cost. The form the proposal shall be mutually agreed upon between the Operator and RECEIVER/TRUSTEE. Unless otherwise agreed to by the Parties, the Non-Routine Operating Fee for each Invoicing Period shall be based on the percentage of the work that has been physically completed in the Invoicing Period. The Non-Routine Operating Fee shall be billed separately.

- (D) Pass-Through Costs. Pass-Through Costs for any Invoicing Period shall be equal to the sum of the costs of any items for which RECEIVER/TRUSTEE is obligated to pay as a Pass-Through to the extent paid or incurred by the Operator during such Invoicing Period and to the extent the Operator provides cost substantiation therefor; provided, however, the Operator shall not be entitled to any mark up or other additional charge with respect to any Pass-Through Costs.
- (E) Change in Law Compensation. If a Change in Law shall occur, Operator shall submit an analysis of its incremental cost resulting from such Change in Law. If the RECEIVER/TRUSTEE finds the incremental cost submitted by the Operator to be reasonable, additional compensation in the amount of the incremental cost shall be paid to the Operator. If the RECEIVER/TRUSTEE does not find the incremental cost submitted by the Operator to be reasonable, the RECEIVER/TRUSTEE shall pay the Operator that portion of the incremental cost determined to be reasonable by the RECEIVER/TRUSTEE and the disputed amount of incremental cost shall be subject to dispute resolution in accordance with Section 16.11.
- (F) Liquidated Damages. The Operator shall be required to pay any Liquidated Damages that may be assessed by RECEIVER/TRUSTEE as set forth in ARTICLE XV, which shall first be assessed through a reduction of the Operator's invoiced Operating Fee for any Invoicing Period for which Liquidated Damages were assessed to the Operator.
- (G) Resolved Amount. A Resolved Amount is a payment owed to one of the Parties as a result of resolving a dispute. The Operating Fee shall be increased or decreased to compensate the appropriate Party for the Resolved Amount.

Each invoicing statement shall also include, for such Invoicing Period, (1) all other amounts

payable by RECEIVER/TRUSTEE to the Operator hereunder, (2) all amounts payable by the Operator to the RECEIVER/TRUSTEE hereunder, and (3) with respect to items (1) and (2) above the balance due to or from RECEIVER/TRUSTEE. Subject to Section 3.04(B), the RECEIVER/TRUSTEE shall pay undisputed portions of the Operating Fee due to the Operator within thirty (30) Days after receipt by RECEIVER/TRUSTEE of the invoicing statement that complies with the requirements of this Agreement in form and substance.

SECTION 3.03. Annual Settlement. Within fifteen (15) Days after the end of each Operating Year, the Operator shall deliver to the RECEIVER/TRUSTEE an annual settlement statement setting forth the actual aggregate Operating Fee payable with respect to such Operating Year and a reconciliation of such amount with amounts actually paid by the RECEIVER/TRUSTEE pursuant to the invoicing statements with respect to such Operating Year, including all adjustments made pursuant to this Agreement, and any other amounts payable by RECEIVER/TRUSTEE or the Operator. If any amount is then in dispute, the annual settlement statement shall set forth the Operator's estimate of such amount and a final reconciliation of such amount shall be made in the invoicing statement for the Invoicing Period immediately following the resolution of such dispute.

SECTION 3.04. RECEIVER/TRUSTEE Payment Obligation.

- (A) Payment for Services. The RECEIVER/TRUSTEE shall pay the Operator the Operating Fee as provided hereunder pursuant to the terms of this Agreement; provided, however, that RECEIVER/TRUSTEE shall have no obligation to pay the Operating Fee if the Operator is not performing Services.
- (B) Disputes. If the RECEIVER/TRUSTEE disputes any amount invoiced by the Operator in any invoice, the RECEIVER/TRUSTEE shall pay that portion of the invoice amount which is not in dispute and shall provide the Operator with written objection within fifteen (15) Days of the receipt of such invoice indicating the portion of the invoiced amount that is being disputed and providing all reasons then known to the RECEIVER/TRUSTEE for its objection to or disagreement with such amount. If the RECEIVER/TRUSTEE and the Operator are not able to resolve such dispute through mutual agreement after the RECEIVER/TRUSTEE's objection, the dispute shall be resolved in accordance with SECTIONS 16.11 and 16.12 of this Agreement, as applicable. If any such amount is adjusted in the Operator's favor, the RECEIVER/TRUSTEE shall pay the amount of such adjustment to the Operator, with interest thereon at the Overdue Rate from the date such disputed amount was due the Operator to the date of payment in full of such amount, unless such interest payment and amount is otherwise limited by Applicable Laws. Nothing contained in this subsection shall limit the authority of any authorized officer of the RECEIVER/TRUSTEE or any other governmental agency to raise a further objection to any amount invoiced by the Operator pursuant to an audit conducted pursuant to Applicable Laws.

SECTION 3.05. Adjustment of Fees.

(A) Upon each anniversary of the Operation Commencement Date, throughout the Term of this Agreement, the Routine Base Operating Fee will be adjusted by the Adjustment Factor. The Adjustment Factor shall be a composite of a fixed component without adjustment and three indices, including the Employment Cost Index ("ECI") and the Construction Machinery and Equipment ("CME") series and Gasoline Fuel ("GF") series of the Producer Price Index ("PPI"), all published by the U.S. Department of Labor, Bureau of Labor Statistics ("BLS").

The values of indices to be used for each Operating Year in calculating the Adjustment Factor shall be the values of the indices for the month or (in the case of an index calculated on a quarterly basis) the quarter immediately preceding an anniversary of the Operation Commencement Date.

The percentages of the percentage change in the indices that shall constitute the basis for the adjustment of the Routine Base Operating Fee pursuant to this Agreement are as follows:

Index	Percent to be Applied Routine Base Operating Fee
Fixed Component – No Adjustment	18%
Employment Cost Index (ECI) Category: Production, Transportation, and Moving Material	37%
Construction Machinery & Equipment of PPI (CME) Series ID: WPU112	30%
Gasoline Fuel of PPI (GF) Series ID: WPU0571	15%
	100%

The Adjustment Factor shall be the sum of the Fixed percentage and the percentage change in the value of each of the other three indices between an anniversary of the Operation Commencement Date and the immediately prior anniversary of the Operation Commencement Date multiplied by the percentage factor applicable to each index (as shown in the table above), so that, by way of example, the Adjustment Factor for the Base Operating Fee calculated in Operating Year Y will be: $(0.37 \times ([\text{value in applicable quarter of ECI for Operating Year Y} - \text{value in applicable quarter of ECI for Operating Year Y-1}] \div [\text{value in applicable quarter of ECI for Operating Year Y-1}]) + (0.18$

$X [0]) + (0.30 \times ([\text{Value in applicable month of CME for Operating Year Y minus value in applicable month of CME for Operating Year Y-1}] \div [\text{value in applicable month of CME for Operating Year Y-1}]) + (.15 \times ([\text{value in applicable month of GF for Operating Year Y minus value in applicable month of GF for Operating Year Y-1}] \div [\text{value in applicable month of GF for Operating Year Y-1}])),$ and shall be expressed as a percentage as demonstrated in the example in Appendix 3.

Since some BLS data are not finalized for several months, the adjusted value of the Adjustment Factor at the end of the Operating Year may be based on preliminary indices. When an adjustment has been based and paid on preliminary indices and BLS data for indices are issued as final, the Operator shall determine the difference in the payment amount and include that amount in the Operating Fee for the Invoicing Period. If BLS changes the methodology for calculating ECI, CME, or GF, which causes historical data used to calculate the value of the Adjustment Factor for any Operating Year to be restated, such changes shall only apply to future adjustments and not to adjustments already implemented.

If any index defined herein shall not be determined and published or if any index as it is constituted on the Contract Date is thereafter substantially changed, there shall be substituted for such index another index which is determined and published on a basis substantially similar to the index being replaced as shall be mutually agreed upon by the RECEIVER/TRUSTEE and the Operator.

Within thirty (30) Days after the later to occur of (a) the anniversary of an Operating Year throughout the Term of Agreement, or (b) the final issuance of all relevant index values for the month or quarter immediately preceding such anniversary, the new Adjustment Factor shall be implemented by Operator sending to the RECEIVER/TRUSTEE a comparative statement setting out the Adjustment Factor determined through use of the indices set forth above and the methodology described above and shown in the example in Appendix 3, and the adjusted fees which will be charged by the Operator.

On the next invoicing date after the receipt by the RECEIVER/TRUSTEE of the changes in fees, the RECEIVER/TRUSTEE shall pay to the Operator a lump sum equal to any increase or Operator shall pay to RECEIVER/TRUSTEE a lump sum equal to any decrease applicable to that portion of the current Operating Year which has elapsed, and thereafter, the fees charged by the Operator shall be modified to reflect any change until the next date of adjustment, and a comparative statement is received by the RECEIVER/TRUSTEE.

Any applicable Pass-Through Costs will be deducted from the Base Operating Fee prior to calculating any annual cost adjustment.

The Adjustment Factor, as determined and applied each Operating Year, shall be rounded to three (3) decimal places.

- (B) Example of Adjustment Factor. By way of example only, the Adjustment Factor shall be calculated and applied as provided in the example shown in Appendix 3.

outstanding lien sought to be discharged. If the Operator shall fail to cause such lien to be discharged or deposited the appropriate amount in the registry of the court with competent jurisdiction within the period aforesaid, then, in addition to any other right or remedy of the RECEIVER/TRUSTEE, the RECEIVER/TRUSTEE may, but shall not be obligated to, discharge the same either by paying the amount claimed to be due or by procuring the discharge of such lien by deposit or by bonding proceedings, and in any such event the RECEIVER/TRUSTEE shall be entitled, if the RECEIVER/TRUSTEE so elects, to compel the prosecution of an action for the foreclosure of such mechanic's lien by the lienor and to pay the amount of the judgment for and in favor of the lienor with interest, cost and allowances. Nothing contained in this Agreement shall be deemed or construed in any way as constituting (i) the consent of the RECEIVER/TRUSTEE to the filing of any such lien on the RECEIVER/TRUSTEE's interest in the ORDOT FACILITY or this Agreement or (ii) the consent or request of the RECEIVER/TRUSTEE, express or implied by inference or otherwise, to any contractor, subcontractor, laborer or materialman or the performance of any labor or the furnishing of any materials that would give rise to the filing of such liens against the ORDOT FACILITY. Any amounts paid by the RECEIVER/TRUSTEE pursuant to SECTION 11.03 shall be reimbursed by Operator to the RECEIVER/TRUSTEE upon demand.

SECTION 11.04. No Warranties. The Operator agrees that, except as expressly contained in this Agreement, no representations, statement or warranties, express or implied, have been made by or on behalf of RECEIVER/TRUSTEE, in respect to the ORDOT FACILITY, or the laws applicable to this Agreement, or any imposition payable with respect to the ORDOT FACILITY, and that the Operator has relied on no such representations, statements or warranties and that the RECEIVER/TRUSTEE shall in no event whatsoever be liable by reason of any claimed misrepresentations, misstatements or breach of warranties.

ARTICLE XII

DAMAGE, DESTRUCTION TO THE ORDOT FACILITY

SECTION 12.01. Damage to or Destruction of all or any portion of the ORDOT FACILITY. In case of damage to or destruction of the ORDOT FACILITY by fire or any other cause, similar or dissimilar, insured or uninsured, that is caused by the Operator due to the Operator's negligence, the Operator shall promptly, at its sole cost and expense, restore, repair, replace or rebuild the ORDOT FACILITY as nearly as practicable to the value, condition and quality existing immediately prior to such damage or destruction. Such restoration, repairs, replacements or rebuilding shall be prosecuted with due diligence and in good faith, and in accordance with the requirements of this Agreement, including, without limitation, ARTICLE IX. If Insurance proceeds, if any, are less than the cost of any restoration, repairs, replacement or rebuilding by this Agreement, then the Operator shall pay any deficiency.

SECTION 12.02. No Abatement. Subject to the provisions of SECTION 16.10 of this Agreement, the Operator's responsibility to perform all other covenants and agreements under this Agreement, shall not be affected by any such damage to or destruction of the ORDOT FACILITY provided such damage or destruction does not totally impair Operator's operations at the ORDOT FACILITY for a period of more than thirty (30) consecutive Days.

However, if Operator's operations at the ORDOT FACILITY are totally impaired for a period of more than thirty (30) consecutive Days (a) by any such damage to or destruction of the ORDOT FACILITY other than due to Operator fault, or (b) by reason of force Majeure as described in SECTION 16.10 of this Agreement, then, beginning on the thirty-first Day of such impairment, Operator's obligation to perform all other covenants and agreements under this Agreement shall be abated, suspended and excused during the remaining time Operator's operations at the ORDOT FACILITY are totally impaired.

ARTICLE XIII

EVENTS OF DEFAULT REMEDIES

SECTION 13.01. Remedies for Breach. The Parties agree that, except as otherwise provided in SECTION 13.02 and SECTION 13.03 with respect to termination rights, in the event that either Party breaches this Agreement, the other Party may exercise any legal rights it has under this Agreement, under the security instruments and under Applicable Laws to recover damages or to secure specific performance, and that such rights to recover damages and to secure specific performance shall ordinarily constitute adequate remedies for any such breach. Neither Party shall have the right to terminate this Agreement for cause except upon the occurrence of an Event of Default. In the event either Party shall have the right to terminate this Agreement as provided herein, this Agreement may be terminated (except by expiration of the Term of this Agreement) only by a written instrument of termination executed by the appropriate Party and delivered to the non-terminating Party.

SECTION 13.02. Events of Default by the Operator.

- (A) The following shall constitute Events of Default on the part of the Operator except to the extent caused by the occurrence of RECEIVER/TRUSTEE Fault:
- (i) the failure by the Operator to timely perform any material obligation under the terms of this Agreement, except the obligations which are described in subsection 13.02(A)(3) hereof, and the continuance of such failure for a period of thirty (30) Days after written notice thereof has been provided by the RECEIVER/TRUSTEE specifying such failure and requesting that such condition be remedied, or if such failure may not be reasonably cured within a thirty (30)-Day period, such longer time as is required to remedy such failure, if Operator promptly initiated and is diligently pursuing reasonable actions to cure such non-performance; or
 - (ii) the Operator is in Violation of Applicable Laws (other than an Alleged Violation Resolved) which results in the ORDOT FACILITY, either (i) being a public nuisance, or (ii) causing environmental harm which may adversely affect the health of residents either within or outside the vicinity of the ORDOT FACILITY, and such Violation is not cured within ten (10) Days after written notice of such Violation has been

provided to Operator, or if such Violation may not be reasonably cured within a ten (10)-Day period, such longer time as is required to remedy such Violation, if Operator promptly initiated and is diligently pursuing reasonable actions to cure such Violation; provided that, if Operator has a good faith dispute with an agency or regulatory body as to whether or not a Violation of any Applicable Laws has occurred, then Operator shall not be considered in breach or default of this Agreement, so long as it is diligently pursuing its good faith dispute with the appropriate Governmental Entity and such Governmental Entity allows the Operator to continue performance under this Agreement during the pendency of such dispute; or

- (iii) failure to pay amounts which are owed by the Operator to the RECEIVER/TRUSTEE under the terms of this Agreement within ten (10) Days following the receipt of written notice from RECEIVER/TRUSTEE that amounts are due and payable, giving due regard to the provisions of SECTION 13.04 hereof; or
 - (iv) (i) the Operator's being insolvent or bankrupt or ceasing to pay its debts as they mature or making an arrangement with or for the benefit of its creditors or consenting to or acquiescing in the appointment of a receiver trustee, or liquidator for a substantial part of its property; (ii) a bankruptcy winding up, reorganization, insolvency, arrangement, or similar proceeding instituted by the Operator, under the laws of any jurisdiction or against the Operator, if the Operator does not take appropriate action to dismiss said proceedings, which proceeding has not been dismissed within ninety (90) Days of the institution of such proceeding; (iii) any action or answer by the Operator approving of, consenting to, or acquiescing in, any such proceeding; or (iv) the event of any distress, execution, or attachment upon the property of the Operator which shall substantially interfere with its performance hereunder; or
 - (v) failure of the Guarantor to perform any obligation under the Guaranty Agreement in a timely manner.
- (B) If an Event of Default by the Operator occurs and is not cured as provided herein, then the RECEIVER/TRUSTEE shall have the right without further notice to terminate this Agreement, and at the RECEIVER/TRUSTEE's option, the RECEIVER/TRUSTEE may proceed against the surety on the Performance Bond, the Guaranty Agreement, and any other guaranty provided by the Operator. If such termination by RECEIVER/TRUSTEE is disputed by Operator and the final, unappealable resolution of such dispute includes a determination that such termination for default was not justified, then the termination shall be deemed

to have been a convenience termination by RECEIVER/TRUSTEE pursuant to SECTION 13.04.

- (C) for the purposes of this SECTION 13.02, the following acts or omissions by the Operator shall constitute failure to perform material obligations under this Agreement:
- (i) failing to comply with its obligations under this Agreement relating to keeping the ORDOT FACILITY property permitted and operated materially in accordance with Applicable Laws, and Governmental Approval;
 - (ii) refusing to accept Solid Waste meeting the requirements of this Agreement;
 - (iii) failing to maintain the Performance Bond in the amount required herein;
 - (iv) failing to maintain, or provide the RECEIVER/TRUSTEE with timely evidence of insurance in the amounts or form required herein;
 - (v) failing to indemnify the RECEIVER/TRUSTEE as required herein; or
 - (vi) falsifying of (but not unintentional mistakes in) records or reports provided to the RECEIVER/TRUSTEE, GEPA, Territorial or federal governments.
- (D) Notice of Corrective Action. RECEIVER/TRUSTEE shall, as soon as practical, notify the Operator of any failure on the Operator's part to abide by the terms and conditions of this Agreement. After receipt of notice from the RECEIVER/TRUSTEE, the Operator shall acknowledge receipt of such notice within seven (7) Days and within seven (7) Days shall provide the RECEIVER/TRUSTEE with notice of what corrective action has been or shall be taken by the Operator, within a period of time that is reasonable, in light of the circumstances. Failure to promptly provide acknowledgement of receipt of notice, or notice of planned corrective action as required by this subsection (D) shall constitute an Event of Default.

SECTION 13.03. Remedies of RECEIVER/TRUSTEE.

- (A) The right of termination provided under SECTION 13.02(B) upon an Event of Default by the Operator is not exclusive. If this Agreement is terminated by the RECEIVER/TRUSTEE for an Event of Default by the Operator, the RECEIVER/TRUSTEE shall have the right to pursue a cause of action for actual damages and to exercise all other remedies which are available to it under this Agreement, under the security instruments and under Applicable Laws. Without limiting the foregoing, upon any termination of the Operator for an Event of Default the damages payable by the Operator to the

RECEIVER/TRUSTEE shall include the reasonable costs of (i) making all repairs and replacements to the ORDOT FACILITY, (ii) remediating any public health and safety problems, and (iii) paying all unpaid fines and penalties payable to any Governmental Entity, in each case to the extent such actions are necessitated or costs incurred as a result of the breach of this Agreement by the Operator.

- (B) In the event that the RECEIVER/TRUSTEE successfully pursues an action to enforce any remedy provided in this ARTICLE XIII, the Operator shall be liable to the RECEIVER/TRUSTEE for payment of all costs and expenses which are incurred by the RECEIVER/TRUSTEE in connection with such action.
- (C) In the Event of Default, the RECEIVER/TRUSTEE shall have the right, in addition to all other rights and remedies under this Agreement, to require the Operator to cease all or any portion of the Operator's operations at the ORDOT FACILITY until such time as the default is remedied and the Operator provides assurances reasonably satisfactory to the RECEIVER/TRUSTEE that the practices that resulted in the default have been modified to prevent recurrences of the default.
- (D) Step-In Provision. In the event the RECEIVER/TRUSTEE determines that a breach of this Agreement has occurred and the nature of the breach in the RECEIVER/TRUSTEE's opinion is such that the public health and safety are materially endangered, and after Operator has been given written notice and a reasonable opportunity to correct the deficiency not to exceed a thirty (30)-Day time period except in the event of an emergency condition as determined by the RECEIVER/TRUSTEE, the Operator shall cooperate completely and immediately with the RECEIVER/TRUSTEE to effect an immediate "Step-In" or takeover by the RECEIVER/TRUSTEE of Operator's operations, including the use of any equipment located at the ORDOT FACILITY or employees that work at the ORDOT FACILITY.

Such "Step-In" or takeover shall be effected within not more than twenty four (24) hours after RECEIVER/TRUSTEE provides telephonic notice to Operator of its determination to invoke such Step-In rights, confirmed in writing within six (6) hours. The Operator shall not be prohibited from disputing any such finding of breach through litigation; provided, however, that such litigation shall not have the effect of delaying, in any way, the immediate takeover of operations by the RECEIVER/TRUSTEE.

These provisions are specifically stipulated and agreed to by both Parties as being reasonable and necessary to the protection of public health and safety, and any legal dispute concerning the finding that a breach has occurred shall be initiated and shall take place only after the emergency "Step-In" or takeover has been completed, and shall not under any circumstances delay the process of the emergency "Step-In" or takeover or the RECEIVER/TRUSTEE's access to

performance guaranty funds as needed by the RECEIVER/TRUSTEE to finance said "Step-In" or takeover of operations.

Failure on the part of the Operator to cooperate fully with the RECEIVER/TRUSTEE to effect a safe and smooth takeover of operations shall itself constitute a breach of this Agreement. Nothing in this Article shall operate to limit the RECEIVER/TRUSTEE's remedies under law, including those rights and remedies contained elsewhere in this Agreement.

- (E) This Section shall survive the termination of this Agreement.

SECTION 13.04. RECEIVER/TRUSTEE Convenience Termination Election in Certain Circumstances.

- (A) Convenience. The RECEIVER/TRUSTEE shall have the right to terminate this Agreement, in its sole discretion, for convenience and without cause following the Contract Date upon one hundred eighty (180) Days prior written notice to the Operator. If the RECEIVER/TRUSTEE exercises its right to terminate this Agreement during the Initial Term pursuant to this subsection, the RECEIVER/TRUSTEE shall pay to the Operator on the termination date the amount set forth in Appendix 2, as applicable. A termination of this Agreement by Operator as provided in SECTION 16.03 or 9.01. shall also be deemed a termination for convenience by RECEIVER/TRUSTEE.
- (B) Adequacy of Termination Payment. The Operator agrees that the applicable termination payments provided in this Section will fully and adequately compensate the Operator and all subcontractors for all profits, costs, expenses, losses, liabilities, damage, taxes, and charges of any kind whatsoever (whether foreseen or unforeseen) attributable to such termination of the Operator's right to perform this Agreement. The obligation to pay such amounts shall not impair or limit the obligation of the RECEIVER/TRUSTEE to the Operator under any other provision of this Agreement which expressly survives termination hereunder.
- (C) Consideration for Convenience Termination Payment. The right of the RECEIVER/TRUSTEE to terminate this Agreement for its convenience and in its sole discretion in accordance with this Article constitutes an essential part of the overall consideration for this Agreement, and the Operator hereby waives any right it may have under Applicable Laws to assert that the RECEIVER/TRUSTEE owes the Operator a duty of good faith dealing in the exercise of such right.
- (D) Completion or Continuance by RECEIVER/TRUSTEE. After the date of any termination under Subsection 13.04(A), the RECEIVER/TRUSTEE may (but without any obligation to do so) take any and all actions necessary or desirable to continue the Services so terminated, including, without limitation, entering into contracts with other operators, with or without public letting.

SECTION 13.05. Payment Disputes. If a Party disputes any amount that is payable under this Agreement, the Party disputing such amount shall provide written notice to the other Party of such disputed amount, together with sufficient information to enable the other Party to understand the nature of the dispute. Such notice shall be delivered by the Party disputing such amount no later than the date that such amount is due and payable (or, if later, within ten (10) Days after the date on which the disputing Party has information necessary to determine that it has a dispute) and, as applicable, the Party disputing such amount shall make payment of any undisputed amount on the due date thereof. If the amount that is in dispute is ultimately determined to be due and payable, such disputed amount, together with interest thereon (at the Overdue Rate) shall be paid by the Party disputing such amount within three (3) Days of such determination.

SECTION 13.06. Cumulative Remedies. The rights and remedies granted in this Agreement to the RECEIVER/TRUSTEE and the Operator upon an Event of Default are cumulative, and the exercise of such rights shall be without prejudice to the enforcement of any other right or remedy authorized by law or this Agreement. No waiver of any breach or default shall be deemed or construed by a court of law to constitute a waiver of any other breach or default or of any other breach or default of any of the other terms, provisions, and covenants contained herein.

SECTION 13.07. Obligations of the Operator upon Termination or Expiration. (A) Upon a termination of the Operator's right to perform this Agreement under ARTICLE XIII, any other termination provision of this Agreement, or upon the expiration of this Agreement under ARTICLE II, the Operator shall:

- (1) cease any activity on the date and to the extent specified by the RECEIVER/TRUSTEE;
- (2) promptly take all commercially reasonable action to protect and preserve all materials, equipment, tools, facilities and other property that belongs to the RECEIVER/TRUSTEE;
- (3) promptly remove from the ORDOT FACILITY all equipment, implements, machinery, tools, temporary facilities of any kind and other property owned or leased by the Operator (including, but not limited to sheds, trailers, workshops and portable toilets), and repair any damage caused by such removal;
- (4) leave the ORDOT FACILITY in a neat and orderly condition;
- (5) subject to subsection (B) of this Section, promptly remove all employees of the Operator and any subcontractors and vacate the ORDOT FACILITY;
- (6) deliver to the RECEIVER/TRUSTEE all electronic data used at the ORDOT FACILITY in the performance under this Agreement in a format

compatible with the RECEIVER/TRUSTEE's then existing information system, including all revisions and updates thereto;

- (7) deliver to the RECEIVER/TRUSTEE a copy of all books, records engineering and architectural plans in its possession relating to the performance of this Agreement;
- (8) deliver to the RECEIVER/TRUSTEE current maps engineering and architectural plans of the ORDOT FACILITY;
- (9) provide the RECEIVER/TRUSTEE with a list of all files, and access and security codes with instructions and demonstrations which show how to open and change such codes;
- (10) advise the RECEIVER/TRUSTEE promptly of any special circumstances which might limit or prohibit cancellation of any subcontract;
- (11) promptly deliver to the RECEIVER/TRUSTEE copies of all subcontracts, together with a statement of:
 - (a) the items ordered and not yet delivered pursuant to each agreement;
 - (b) the expected delivery date of all such items;
 - (c) the total cost of each agreement and the terms of payment; and
 - (d) the estimated cost of canceling each agreement;
- (12) assign to the RECEIVER/TRUSTEE any subcontract that the RECEIVER/TRUSTEE elects in writing, at its sole election and without obligation, to have assigned to it. The RECEIVER/TRUSTEE shall assume, and the Operator shall be relieved of its obligations under, any subcontract so assigned;
- (13) terminate all subcontracts which the RECEIVER/TRUSTEE has not directed the Operator to assign, and make no additional agreements with subcontractors;
- (14) as directed by the RECEIVER/TRUSTEE, transfer improvements to the RECEIVER/TRUSTEE by appropriate instruments of title;
- (15) promptly transfer to the RECEIVER/TRUSTEE all warranties given by any manufacturer or subcontractor with respect to particular components of or the equipment in ORDOT FACILITY;
- (16) notify the RECEIVER/TRUSTEE promptly in writing of any legal proceedings against the Operator by any subcontractor or other third

parties relating to the termination of this Agreement or Services provided in in connection with this Agreement (or any subcontracts);

- (17) provide for, at Operator's expense, a method for an immediate and uninterrupted transition of data to the RECEIVER/TRUSTEE without any degradation of the data;
 - (18) give written notice of termination, effective as of date of termination of this Agreement, promptly under each policy of insurance required under SECTION 9.01 (with a copy of each such notice to the RECEIVER/TRUSTEE), but permit the RECEIVER/TRUSTEE to elect to continue such policies in force thereafter at its own expense, if possible; and
 - (19) take such other actions, and execute such other documents as may be reasonable and necessary to effectuate and confirm the foregoing matters.
- (B) Hiring of Operator Personnel. Upon termination or expiration of this Agreement under any provisions hereof, the RECEIVER/TRUSTEE or any successor operator of the ORDOT FACILITY designated by the RECEIVER/TRUSTEE shall have the right to offer employment on any terms it may choose to the Site Manager, or any other Operator employee employed full-time at the ORDOT FACILITY. No Operator employment agreement, job offer, letter or similar document may contravene this right. The RECEIVER/TRUSTEE or its designated successor operator shall extend any such job offer within thirty (30) Days of the expiration or termination of this Agreement. The Operator shall assist and cooperate with any such employee transition.
- (C) Continuity of Services. Upon the termination of the Operator's right to perform this Agreement or upon the expiration of this Agreement under ARTICLE II, the Operator, at the request and direction of the RECEIVER/TRUSTEE, shall provide for an effective continuity of service and the smooth and orderly transition of management back to the RECEIVER/TRUSTEE or other operator, at the RECEIVER/TRUSTEE's direction. Such service shall be for a period of up to ninety (90) Days and shall include providing advice and support and delivering any plans, drawings, blueprints, operating manuals, spare parts or other information useful or necessary for the RECEIVER/TRUSTEE or other operator to perform the Services provided under this Agreement.
- (D) RECEIVER/TRUSTEE Right to Acquire Operator Equipment. Upon the termination of the Operator's right to perform this Agreement or upon the expiration of this Agreement under ARTICLE II, the RECEIVER/TRUSTEE shall have the right, but not an obligation, to acquire some or all equipment owned and used by the Operator in connection with its operation of the ORDOT FACILITY pursuant to this Agreement. The Operator shall be entitled to

compensation equal to the fair market value of the equipment the RECEIVER/TRUSTEE elects to acquire from the Operator. In the event of a dispute as to the fair market value of any or all of the equipment to be acquired by the RECEIVER/TRUSTEE from the Operator, the Parties shall agree on an independent appraiser qualified to establish said fair market value and agree to accept the appraiser's findings as binding.

SECTION 13.08. No Consequential or Punitive Damages. Notwithstanding anything in this Agreement to the contrary, neither Party shall be liable to the other for special, consequential, punitive, indirect incidental or similar damages for any reason in connection with this Agreement and the transactions contemplated hereby, whether based upon contract, tort, negligence, gross negligence, warranty, strict liability or other legal theory. The waiver of the foregoing damages under this Section is intended to apply to only disputes and claims as between the RECEIVER/TRUSTEE and the Operator, and specifically is not intended to limit the scope of the indemnity provisions in ARTICLE IX, which indemnification includes all claims by third-parties irrespective of the nature thereof or the relief sought thereby.

SECTION 13.09. No Waiver of Rights. No failure by the RECEIVER/TRUSTEE or by the Operator to insist upon the strict performance of any term, covenant, agreement, provision, condition or limitation of this Agreement or to exercise any right or remedy hereunder, and no acceptance by the RECEIVER/TRUSTEE of full or partial payment of any compensation under this Agreement during the continuance of any such breach, shall constitute a waiver of any such breach or of such term, covenant, agreement, provision, condition or limitation. No term, covenant, agreement, provision, condition or limitation of this Agreement to be kept, observed or performed by the RECEIVER/TRUSTEE or by the Operator, and no breach thereof, may be waived, altered or modified except by a written instrument executed and acknowledged by and delivered to the RECEIVER/TRUSTEE and the Operator. No waiver of breach shall affect or alter this Agreement, but each and every term, covenant, agreement, provision, condition and limitation of this Agreement shall continue in full force and effect with respect to any other then existing or subsequent breach thereof.

SECTION 13.10. Survival of Certain Provisions upon Termination. All representations and warranties of the Parties contained in this Agreement, the Operator's indemnity obligations in this Agreement with respect to events that occurred prior to the Termination Date, the rights and obligations of the Parties hereto pursuant to SECTION 3.03, SECTION 8.01, SECTION 9.01, SECTION 9.03, SECTION 11.03, SECTION 11.04, SECTION 13.02, SECTION 13.03, SECTION 13.04, SECTION 13.07, SECTION 13.12, SECTION 16.12, and SECTION 16.13, and all other provisions of this Agreement that so provide shall survive the termination of this Agreement. No termination of this Agreement shall (1) limit or otherwise affect the respective rights and obligation of the Parties hereto accrued prior to the date of such termination, or (2) preclude either Party from impleading the other Party in any legal proceeding originated by a third-party as to any matter occurring during the Term of this Agreement.

SECTION 13.11. RECEIVER/TRUSTEE's Right to Perform Operator's Covenants. If at any time Operator shall fail, within thirty (30) Days after notice from the RECEIVER/TRUSTEE

(except in case of emergency such number of Days' notice which are reasonable in the circumstances shall suffice), to pay any imposition required herein, or to take out, pay for, maintain or deliver any of the insurance policies provided in ARTICLE IX, or to cause any lien of the character referred to in SECTION 11.03 to be discharged as therein provided, or to perform any other act on its part to be performed as provided in this Agreement, then, without further notice or demand upon Operator and without waiving any other right or remedy of the RECEIVER/TRUSTEE, the RECEIVER/TRUSTEE may, but shall not be obligated to, perform any such obligation on behalf of Operator; provided, however, that except for matters arising under ARTICLE IX, the RECEIVER/TRUSTEE has determined that doing so is reasonably necessary to protect against a significant threat to the ORDOT FACILITY or the safety of the ORDOT FACILITY's users or the general public. All sums paid by the RECEIVER/TRUSTEE in connection with the RECEIVER/TRUSTEE's performance of any obligation of Operator and all reasonably necessary out-of-pocket incidental costs and expenses paid or incurred by the RECEIVER/TRUSTEE in connection with the performance of any such act by the RECEIVER/TRUSTEE, together with all reasonable attorney's fees and together with interest thereon at the Overdue Rate from the date of making such expenditures by the RECEIVER/TRUSTEE, shall be payable by Operator to the RECEIVER/TRUSTEE on demand. This Section is in addition to the RECEIVER/TRUSTEE's "Step-In" rights provided for in SECTION 13.03(D).

SECTION 13.12. Additional Remedy of the RECEIVER/TRUSTEE.

- (A) Upon any termination of this Agreement, Operator shall quit and peacefully surrender the ORDOT FACILITY to the RECEIVER/TRUSTEE, and the RECEIVER/TRUSTEE, upon or at any time after any such termination, shall have the right, without further notice, to enter upon and re-enter the ORDOT FACILITY and possess and repossess itself thereof, by force, summary proceedings, ejectment or otherwise, and may dispossess Operator and remove Operator and all other persons and property from the ORDOT FACILITY and may have, hold and enjoy the ORDOT FACILITY and the right to receive all income of and from the same.
- (B) If this Agreement is terminated by reason of the occurrence of any Event of Default, such expenses as the RECEIVER/TRUSTEE may incur for legal expenses, attorney's fees and disbursements shall become immediately payable by the Operator.

SECTION 13.13. Continuity of Services. Operator expressly contracts that, in the event of breach of this Agreement by the Operator, Operator will work with the RECEIVER/TRUSTEE to ensure that Services are continuous and uninterrupted, regardless of the nature or causes underlying the breach. Operator agrees and contracts that there is an obligation to assist RECEIVER/TRUSTEE in every effort to ensure uninterrupted and continuous provision of Services in the event of breach, even if Operator disagrees with the determination of the breach by the RECEIVER/TRUSTEE.

SECTION 13.14. Events of Default by the RECEIVER/TRUSTEE. If the RECEIVER/TRUSTEE fails to make any payment to Operator pursuant to this Agreement within thirty (30) Days following the due date for such payment pursuant to this Agreement, and has not disputed such payment in accordance with SECTION 13.05, such failure shall be considered a material breach of this Agreement. In such event, as Operator's exclusive remedy (except as set forth in the following sentence), Operator shall have the right to terminate this Agreement and will be entitled to payment of all amounts owed by RECEIVER/TRUSTEE, with interest at the Overdue Rate from the date such payment was due, and to the Convenience Termination payment set forth in Appendix 3, as applicable. In addition, without limiting the generality of the foregoing, if, in the absence of a dispute regarding such payments, RECEIVER/TRUSTEE shall have failed to pay Operator more than Fifty Thousand (\$50,000.00) Dollars due hereunder within thirty (30) Days following the due date for such payment pursuant to this Agreement, then the Operator shall have the right to suspend performance under this Agreement until such amount is paid in full, without such suspension being deemed a breach by Operator hereunder.

ARTICLE XV LIQUIDATED DAMAGES

SECTION 15.01. Liquidated Damages Deemed Reasonable. The Government of Guam will sustain real and substantial damages as a result of the Operator's failure to perform its obligations under this Agreement in a timely manner. Since it would be impractical or extremely difficult to fix the actual damages so sustained. Operator understands and agrees that the failure to comply with any time, performance or other requirement or standard in this Agreement will result in damage to the RECEIVER/TRUSTEE and that it is and will be impracticable to determine the actual amount of such damage whether in the event of delay, nonperformance, failure to meet standards or any other deviation. Therefore, Operator and RECEIVER/TRUSTEE agree that the Liquidated Damages specified in this Agreement are reasonable. It is expressly understood and agreed that the Liquidated Damages amounts are not to be considered a penalty, but shall be deemed, taken and treated as reasonable Liquidated Damages. It is also expressly understood and agreed that the remedies of RECEIVER/TRUSTEE in the event of Operator's default or minor or major breach of any term of this Agreement are not limited to Liquidated Damages provisions.

SECTION 15.02. Liquidated Damages. The RECEIVER/TRUSTEE shall monitor the Operator's performance of its obligations during each Operating Year throughout the Term of Agreement. The Operator shall provide timely and complete responses to requests for documents, electronic files, explanations, and access to Operator's personnel associated with the RECEIVER/TRUSTEE's performance monitoring.

The RECEIVER/TRUSTEE will consider all relevant aspects of Operator's performance including without limitation: any existing areas of concern; proposed actions necessary to address areas of concern; the actions taken by Operator to address previously noted areas of concern, if any; any Liquidated Damages imposed on Operator during the current and prior Operating Year; a summary of any Violations and associated penalties imposed by any Governmental Entity relative to the ORDOT FACILITY and any awards or commendations received by, or favorable comments made about, Operator in the course of performing its duties under this Agreement.

A condition precedent to the assessment by RECEIVER/TRUSTEE of Liquidated Damages against the Operator shall be the compliance with the following meet-and-confer process, provided that in no event shall the meet-and-confer process take more than ten (10) Days:

- (A) Request for a Meet-and-Confer. Whenever RECEIVER/TRUSTEE has a concern regarding Operator's performance or non-performance which may give rise to the imposition of Liquidated Damages, then in such event, the RECEIVER/TRUSTEE shall make a written request to meet and confer which identifies the issue(s) and deliver the same to the Operator.
- (B) Meet and Confer. Within two (2) Days after Operator's receipt of a request for a meet-and-confer, the Parties shall meet and confer to discuss the RECEIVER/TRUSTEE's concerns about the Operator's acts and/or omissions which could potentially give rise to the assessment of Liquidated Damages, and the Operator shall respond. If the RECEIVER/TRUSTEE is satisfied with the Operator's response, then no further action shall occur. If the RECEIVER/TRUSTEE is not satisfied, then Operator shall have three (3) Days from such meeting to develop a plan for taking corrective and/ or remedial action which is mutually acceptable to RECEIVER/TRUSTEE and the Operator. Once the RECEIVER/TRUSTEE has approved the Operator's plan for corrective and/ or remedial action, then the Operator shall promptly commence and diligently pursue performance of such corrective and/ or remedial action.
- (C) Notice of Intent to Assess Liquidated Damages. RECEIVER/TRUSTEE may send Operator written notice of intent to assess Liquidated Damages if Operator has not corrected, remedied and/ or otherwise cured the Operator's deficient conduct within the cure periods which are hereinafter set forth.

SECTION 15.03. Amount of Liquidated Damages and Cure Periods.

The following amounts will be imposed as Liquidated Damages under this Agreement for the Operator's failure to timely perform Operator's obligations under this Agreement.

- (A) General Operational Matters. Liquidated damages in the following amounts will be imposed with respect to the ORDOT FACILITY where the following failure of performance occurs, for each Day of such failure of performance after the applicable cure period:
 - (i) Cover maintenance. One thousand dollars (\$1,000) shall be imposed for each failure to adhere to the Cover maintenance requirements of the Post-Closure Care Operations Plan as referenced in this Agreement (cure period – five (5) Days).
 - (ii) Drainage and Ponding. One thousand dollars (\$1,000) shall be imposed for each failure to provide positive drainage or pump water from retention basins, as specified in the Post-Closure Care Operation Plan as referenced in this Agreement (cure period – five (5) Days).

Ordot Facility Operation Agreement

- (iii) Maintenance of Equipment in Operable Manner. Five hundred (500) shall be imposed for each failure to provide for substitute equipment, make necessary repairs to, or replace equipment that becomes inoperable, located at the ORDOT FACILITY as provided for in this Agreement (cure period – five (5) Days).
 - (iv) Litter Control. Five hundred dollars (\$500) shall be imposed for each failure to effectively implement litter control and clean-up as required in this Agreement (cure period – two (2) Days).
 - (v) Submission of Reports/Documents. Three hundred dollars (\$300) shall be imposed for failure to submit required reports and/or documentation, as specified in this Agreement, for each Day of said failure per report and/or document (cure period – five (5) Days); provided, however, that if the failure continues beyond five (5) Days, after the cure period, the Liquidated Damages shall increase to one thousand dollars (\$1,000) per Day of said failure per report and/or document for each Day after five (5) Days.
 - (vi) Other. It is deemed unreasonable to list each and every task the Operator is to perform under the terms of this Agreement, and to assign a corresponding Liquidated Damages amount to be assessed for failure to timely perform such tasks. Therefore, for failure to timely perform any task required of the Operator required by this Agreement, which is not specifically listed in this section (either herein above or below), the Operator shall pay three hundred dollars (\$300) as Liquidated Damages for each Day of said failure, unless such failure has been cured within five (5) Days after notice thereof from RECEIVER/TRUSTEE.
- (B) Failure to Turn Over Records on Termination of Agreement. In the event that Operator fails to turn over all records relating to the ORDOT FACILITY on termination of this Agreement, as required by this Agreement, Liquidated Damages in the amount of two-hundred fifty thousand dollars (\$250,000) shall be assessed and shall be due and payable to the GSWA.
- (C) Liquidated Damages for Regulatory Violations and Fines. Should Operator receive any Notice of Violation from the Guam Environmental Protection Agency, or be found in Violation of Applicable Laws by a Governmental Entity, resulting in fine or monetary penalty, Operator shall be assessed Liquidated Damages in the amount of one thousand dollars (\$1,000) for each Notice of Violation and two times the amount of such fine or monetary penalty.
- (D) Failure to Begin Operations by Operation Commencement Date. Five thousand dollars (\$5,000) shall be imposed for each Day Operator fails to meet the Operation Commencement Date.

SECTION 15.03. Collection of Liquidated Damages. If the RECEIVER/TRUSTEE concludes that Operator is liable for Liquidated Damages pursuant to this Agreement, the RECEIVER/TRUSTEE shall issue to the Operator by registered or certified mail a Notice of Intention to Assess Liquidated Damages. The Notice of Intention to Assess shall set forth the basis of the assessment and shall inform the Operator that Liquidated Damages will be assessed from the date of the Notice of Intention to Assess. The Operator shall include the assessed Liquidated Damages in the Operator's invoice of the Operating Fee to RECEIVER/TRUSTEE for the Invoicing Period as a credit against the Operating Fee and shall pay any balance due with the invoice if the Liquidated Damages exceed the amount due the Operator for the Invoicing Period. Each Day an event for which Liquidated Damages may be assessed is considered a separate action.

ARTICLE XVI

MISCELLANEOUS

SECTION 16.01. RECEIVER/TRUSTEE Rights as Governmental Entity; No Liability of GBB. The Operator acknowledges and agrees that the RECEIVER/TRUSTEE is a Governmental Entity and as such has certain rights, powers and duties that may affect the Operator's rights or obligations under this Agreement. The Operator agrees that no action or failure to act by the RECEIVER/TRUSTEE acting in its governmental capacity shall be construed as a breach or default by the RECEIVER/TRUSTEE under this Agreement, nor shall any such action excuse the Operator from performance of its obligations under this Agreement. The Operator acknowledges and agrees that GBB, and its employees, associates, and agents acting in GBB's behalf, are acting solely in GBB's capacity as the Receiver, and, that the Receivership Order provides: "The Receiver is responsible solely to this court. The Receiver shall not be personally liable for any act done in compliance with this Order. No suit shall be filed against the Receiver without the consent of the court." Notwithstanding the foregoing, the Government of Guam, and any successor organization designated to carry out the duties and responsibilities of the GSWA, shall remain responsible for the obligations contained within this Agreement.

SECTION 16.02. Condemnation. If during the Term, all of the ORDOT FACILITY is taken for a public purpose by condemnation, or sold to a condemning authority under threat of condemnation, this Agreement shall terminate. Operator shall not be entitled to any condemnation award.

SECTION 16.03. Assignment.

- (A) This Agreement, in whole or in part, may not be assigned, transferred, sold, or disposed of, in whole or in part, by voluntary sale, merger, consolidation, or otherwise or by forced or involuntary sale, without the prior written consent of the RECEIVER/TRUSTEE, and then only on such conditions as may therein be prescribed. The RECEIVER/TRUSTEE is hereby empowered to take legal or

equitable action to set aside, annul, revoke, or cancel this Agreement or the transfer or assignment of this Agreement, if such transfer or assignment is not made in accordance with the procedures contained herein, or is not in the best interest of the RECEIVER/TRUSTEE or the public. Upon termination of the Receivership, the RECEIVER/TRUSTEE may assign this Agreement to a Trustee approved by the US District Court of Guam, or its successor in interest, and the Operator shall not object to the assignment.

- (B) Any sale, transfer or assignment shall be made by a bill of sale or similar document, an executed copy of which shall be filed in the office of the RECEIVER/TRUSTEE, within thirty (30) Days after any such sale, transfer or assignment. The RECEIVER/TRUSTEE shall not withhold its consent unreasonably; provided, however, the proposed assignee agrees to comply with all provisions of this Agreement and such additional conditions as the RECEIVER/TRUSTEE may prescribe and provided that the assignee is able to provide proof of financial responsibility, in the form of an audited financial statement prepared by an independent certified public accountant or a certified public accounting firm for its most recently completed fiscal year, legal qualifications and technical capability satisfactory to the RECEIVER/TRUSTEE.
- (C) A rebuttable presumption that a transfer of control has occurred shall arise upon the acquisition or accumulation by any person or entity of twenty percent (20%) of the voting shares of Operator or Guarantor if such Person or group of persons does not already own twenty percent (20%) of the voting shares of Operator or Guarantor. Every change, transfer, or acquisition of control of the Operator or Guarantor shall make this Agreement subject to cancellation unless and until the RECEIVER/TRUSTEE shall have consented thereto.
- (D) The Operator shall promptly notify the RECEIVER/TRUSTEE of any actual or proposed change in, or transfer of, or acquisition by any other party of control of the Operator or Guarantor. Every change, transfer, or acquisition of control of the Operator or Guarantor shall make this Agreement subject to cancellation unless and until the RECEIVER/TRUSTEE shall have consented thereto. For the purpose of determining whether it shall consent to such change, transfer, or acquisition of control, the RECEIVER/TRUSTEE may inquire into the qualifications of the prospective controlling party, and the Operator or Guarantor shall assist the RECEIVER/TRUSTEE in any such inquiry. In the event that the RECEIVER/TRUSTEE denies its consent and such change, transfer or acquisition of control has been affected, the RECEIVER/TRUSTEE may cancel this Agreement unless control of the Operator or Guarantor is restored to its status prior to the change, or to a status acceptable to the RECEIVER/TRUSTEE.
- (E) The consent of the RECEIVER/TRUSTEE to any sale, transfer, lease, trust, mortgage, or other instrument of hypothecation shall not constitute a waiver or release of any of the rights of the RECEIVER/TRUSTEE under this Agreement.

- (F) In no event shall a transfer of ownership or control be approved without the successor in interest becoming a signatory to this Agreement.
- (G) Nothing herein shall require approval for Operator's or Guarantor's assigning this Agreement to or selling its stock to wholly-owned subsidiaries or to an Affiliate under the same ultimate control and ownership as existed prior to the assignment.
- (H) If consent for any action is required by the RECEIVER/TRUSTEE pursuant to this Section, the RECEIVER/TRUSTEE shall be reimbursed by Operator all reasonable costs and charges, including, but not limited to, reasonable attorneys fees and administrative costs, associated with any review or consideration of the Operator's or Guarantor's actions invoking this Section regardless of whether the consent is actually provided by the RECEIVER/TRUSTEE.

SECTION 16.04. Parties Bound. This Agreement is binding on and inures to the benefit of the Parties and their respective successors and assignees when permitted by this Agreement.

SECTION 16.05. No Third Party Rights. This Agreement is exclusively for the benefit of the RECEIVER/TRUSTEE and the Operator and shall not provide any third parties with any remedy, claim, liability, reimbursement, cause of action, or other rights.

SECTION 16.06. Governing Law and Applicable Venue. This Agreement is made and performable in Territory of Guam, United States of America, and shall be interpreted in accordance with the laws of Guam and the United States. Venue for any legal action arising out of this Agreement shall lie in any court of competent jurisdiction in Guam.

SECTION 16.07. Non-Discrimination. The Operator shall not unlawfully discriminate against any Person.

SECTION 16.08. Entire Agreement. This Agreement contains all of the covenants, statements, representations and promises agreed to by the Parties. To the extent of any conflict, this Agreement supersedes the terms, conditions, and representations set forth in the RECEIVER/TRUSTEE's Request for Proposals 001-17 and the Operator's proposal. No agent of either Party has authority to make, and the Parties shall not be bound by, nor liable for, any covenant, statement, representation or promise not set forth herein. The Parties may amend this Agreement only by a written amendment executed by both Parties.

SECTION 16.09. Partial Invalidity. In the event one or more provisions of this Agreement shall for any reason be held invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision of this Agreement and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had not been contained in it.

SECTION 16.10. Force Majeure. In case by reason of "force Majeure" the RECEIVER/TRUSTEE or Operator shall be rendered unable wholly or in part to carry out its obligations under this Agreement, and if such Party shall give notice of such "force Majeure" in writing to the other Party within a reasonable time after occurrence of the event or cause relied on, the obligation of the Party giving such notice, so far as it affected by such force Majeure shall be temporarily suspended during the continuance of the inability then claimed, but for no longer periods, and any such Party shall endeavor to remove or overcome such inability with all reasonable dispatch. The term "force Majeure" as employed herein, shall mean acts of God, acts of public enemy, terrorist attacks, orders of any kind of the Government of the United States or the Government of Guam or any civil or military authority provided such order is not as a results of a Violation of Applicable Law or breach of any kind under this Agreement, insurrections, riots, epidemics, landslides, lightning, earthquakes, hurricanes, tornadoes, storms, floods, washouts, droughts, arrests, restraining of government and people, civil disturbances, explosions, or any other causes not reasonably within the control of the Party claiming such inability.

SECTION 16.11. Dispute Resolution.

(A) The RECEIVER/TRUSTEE and the Operator agree to attempt resolution of all controversies which arise under, or are by virtue of, this Agreement through mutual agreement. If the controversy is not resolved by mutual agreement, then, before either Party pursues other available remedies, they agree to submit the matter to non-binding dispute resolution as follows. Except as provided below, the dispute resolution shall be governed by the Guam International Arbitration law (7 GCA Chapter 42-A).

(1) Any arbitration shall take place in Guam.

(2) Notice of the demand for dispute resolution shall be filed in writing with the other Party to this Agreement. Notice must be given within that time period after accrual of the claim on which the notice is based during which the Applicable Laws would have allowed a court action to have been brought on such claim. Such notice shall specifically identify each issue submitted for arbitration. The other Party shall then have twenty (20) Days to submit notice of any additional issues to be submitted for arbitration, which issues shall be specifically identified in such notice. If any notice is not timely provided, such claims shall be deemed waived and shall be barred from either arbitration or litigation. The Parties shall use their best efforts to select one neutral and impartial person (the "Neutral") to resolve the dispute. If the Parties fail to reach agreement upon appointment of a Neutral within thirty (30) Days following receipt of such notice, the Neutral shall be selected according to the Commercial Arbitration Rules of the American Arbitration Association. Within twenty (20) Days after selection of the Neutral, each Party shall submit to the Neutral best and final offer with respect each issue submitted to the Neutral for resolution and a statement of its position with supporting facts and data.

(3) Upon such dispute being submitted to the Neutral for resolution, the

Ordot Facility Operation Agreement

Neutral shall assume exclusive jurisdiction over the dispute and will be required to make a decision and award within fifteen (15) Days of the date of submission. The Neutral's decision shall be in writing and contain a basis for the decision and award. For each issue decided by the Neutral, he shall choose the best and final offer of one Party with respect to the issue decided, and the Neutral shall not have discretion to modify said best and final offer.

- (4) Each Party shall pay its own expenses and attorneys' fees for the proceeding; provided that the Parties shall share the Neutral's fee equally.
 - (5) In arriving at his or her decision, the Neutral shall consider the pertinent facts and circumstances as presented in evidence and be guided by the terms and provisions of this Agreement and Applicable Laws.
 - (6) The Neutral shall immediately furnish a copy of the decision to the Parties. The Neutral's written decision shall be admissible in any subsequent proceeding by either party to this Agreement. Within twenty (20) Days after receipt of the Neutral's decision, the RECEIVER/TRUSTEE shall issue a final written decision adopting or rejecting, in whole or in part, the Neutral's decision. If the RECEIVER/TRUSTEE does not issue a written decision within such twenty (20) Day period, or such longer period as may be agreed upon by the Parties, then the Operator may proceed as though the RECEIVER/TRUSTEE had issued a decision adverse to the Operator.
- (B) The RECEIVER/TRUSTEE shall immediately furnish a copy of the decision to the Operator, by certified mail with a return receipt requested, or by any other method that provides evidence of receipt.
 - (C) The RECEIVER/TRUSTEE's decision shall be final and conclusive, unless fraudulent or unless the Operator appeals the decision.
 - (D) This subsection applies to appeals of the RECEIVER/TRUSTEE's decision on a dispute. For money owed by or to the RECEIVER/TRUSTEE under this Agreement, the Operator shall appeal the decision in accordance with the Government Claims Act by initially filing a claim with the Office of the Attorney General no later than eighteen (18) months after the decision is rendered by the RECEIVER/TRUSTEE or from the date when a decision should have been rendered. For all other claims by or against the RECEIVER/TRUSTEE arising under this Agreement, the Office of the Public Auditor has jurisdiction over the appeal from the decision of the RECEIVER/TRUSTEE. Appeals to the Office of the Public Auditor must be made within sixty (60) Days of the RECEIVER/TRUSTEE's decision or from the date the decision should have been made.
 - (E) The Operator shall exhaust all administrative remedies before filing an action in the Superior Court of Guam in accordance with Applicable Laws.
 - (F) The Operator shall comply with the RECEIVER/TRUSTEE's decision and proceed

diligently with performance of this Agreement pending final resolution by the Superior Court of Guam of any controversy arising under, or by virtue of, this Agreement, except where the Operator claims a material breach of this Agreement by the RECEIVER/TRUSTEE. However, if the RECEIVER/TRUSTEE determines in writing that continuation of Services under this Agreement is essential to the public's health or safety, then the Operator shall proceed diligently with performance of this Agreement notwithstanding any claim of material breach by the RECEIVER/TRUSTEE.

SECTION 16.12. Claims against Government. The Operator expressly recognizes that the Government Claims Act (Title 5 of the Guam Code Annotated, Chapter 6) applies with respect only to claims of money owed by or to the Operator against the Government if the claim arises out of or in connection with this Agreement. The Operator also expressly recognizes that all other claims by the Operator against the Government are subject to the Guam Procurement Law (Title 5 of the Guam Code Annotated, Chapter 5).

SECTION 16.13. Consent to Jurisdiction. The Operator hereby expressly consents to the jurisdiction of and the forum of the courts of Guam with respect to any and all claims which may arise by reason of this Agreement, except as otherwise may be provided by the Guam Procurement Law. The Operator waives any and all rights it may otherwise have to contest the same or to proceed in a different jurisdiction or forum.

Section 16.14. Mandatory Representations by Operator.

- (A) General Ethical Standards (2 GAR Div. 4 § 11103(b)). With respect to this Agreement and any other contract that the Operator may have, or wish to enter into, with any Government of Guam agency, the Operator represents that it has not knowingly influenced, and promises that it will not knowingly influence, any Government employee to breach any of the ethical standards set forth in the Guam Procurement Law and in any of the Guam Procurement Regulations.
- (B) Prohibition against Gratuities and Kickbacks (2 GAR Div. 4 § 11107(e)). With respect to this Agreement and any other contract that the Operator may have or wish to enter into with any Government of Guam agency, the Operator represents that he has not violated, is not violating, and promises that it will not violate the prohibition against gratuities and kickbacks set forth in the Guam Procurement Regulations.
- (C) Prohibition against Contingent Fees (2 GAR Div. 4 § 11108(h)). The Operator represents that it has not retained a person or anyone upon an agreement or understanding for a percentage, commission, brokerage, or other contingent arrangement, except for retention of bona fide employees or bona fide established commercial selling agencies for the purpose of securing business.
- (D) Restriction on Employment of Sex Offenders (5 GCA § 5253)). The Operator warrants that no person in its employment who has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of the Guam Code Annotated, or convicted of an offense defined in Article 2 of Chapter 28 of Title 9 of the Guam Code Annotated regardless of the jurisdiction in which the

conviction was obtained, shall provide services on behalf of the Operator relative to this Agreement. If any person employed by the Operator and providing services under this Agreement is convicted subsequent to the date of this Agreement, then the Operator warrants that it will notify the RECEIVER/TRUSTEE of the conviction within twenty-four hours of the conviction, and will immediately remove such convicted person from providing services under this Agreement. If the Operator is found to be not in compliance with any of the provisions of this paragraph, then the RECEIVER/TRUSTEE shall give notice to the Operator to take corrective action. The Operator shall take corrective action within twenty-four hours of notice from the RECEIVER/TRUSTEE, and the Operator shall notify the RECEIVER/TRUSTEE when action has been taken. If the Operator fails to take corrective steps within twenty-four hours of notice from the RECEIVER/TRUSTEE, then the RECEIVER/TRUSTEE in its sole discretion may suspend this Agreement temporarily.

Section 16.15. Counterparts. This Guaranty may be executed in any number of original counterparts. All such counterparts shall constitute but one and the same Guaranty.

Section 16.16. No Personal Liability or Recourse. Except as set forth in the Guaranty Agreement, no owner, director, manager, member, officer, agent or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Agreement or of any supplement, modification or amendment to this Agreement or because of any breach thereof, or because of its or their execution or attempted execution. Notwithstanding anything in this Agreement to the contrary, neither Party shall be liable to the other for special, consequential, punitive, indirect incidental or similar damages for any reason in connection with this Agreement and the transactions contemplated hereby, whether based in contract, tort, warranty, strict liability or other legal theory. The Parties' obligations hereunder shall be limited to those expressly set out and assumed by the respective Parties under this Agreement.

ARTICLE III

GUARANTY COVENANTS

SECTION 3.01. Guaranty to the RECEIVER/TRUSTEE. The Guarantor hereby absolutely, presently, irrevocably and unconditionally guarantees to the RECEIVER/TRUSTEE for the benefit of the RECEIVER/TRUSTEE: (1) the full and prompt payment when due of each and all of the payments required to be credited or made by the Operator under the Agreement (including all amendments and supplements thereto) to, or for the account of, the RECEIVER/TRUSTEE, when the same shall become due and payable pursuant to this Guaranty; and (2) the full and prompt performance and observance of each and all of the Obligations, when the same shall become due pursuant to this Guaranty. Notwithstanding the unconditional nature of the Guarantor's obligations as set forth here, the Guarantor shall have the right to assert the defenses provided in SECTION 3.05 hereof against claims made under this Guaranty.

SECTION 3.02. Right of the RECEIVER/TRUSTEE to Proceed Against Guarantor. This Guaranty shall constitute a guaranty of payment and of performance and not of collection, and the Guarantor specifically agrees that in the event of a failure by the Operator to pay or perform any Obligation guaranteed hereunder, the RECEIVER/TRUSTEE shall have the right to proceed first and directly against the Guarantor under this Guaranty and without proceeding against the Operator or exhausting any other remedies against the Operator which the RECEIVER/TRUSTEE may have, except that RECEIVER/TRUSTEE agrees that it will not proceed against Guarantor until RECEIVER/TRUSTEE shall have notified Operator of such failure and any applicable default cure period has expired, and, if the Performance Bond surety company agrees to remedy, then Receiver will allow an additional thirty (30) Days for the Performance Bond surety company to cure before proceeding against Guarantor. Except as specifically provided in the preceding sentence, and without limiting the generality of the preceding sentence, the Guarantor agrees that it shall not be necessary, and that the Guarantor shall not be entitled to require, as a condition of enforcing the liability of the Guarantor hereunder, that the RECEIVER/TRUSTEE: (1) file suit or proceed to obtain a personal judgment against the Operator or any other person that may be liable for the Obligations or any part of the Obligations; (2) make any other effort to obtain payment or performance of the Obligations from the Operator other than providing the Operator with any notice of such payment or performance as may be required by the terms of the Agreement or required to be given to the Operator under Applicable Laws; (3) foreclose against or seek to realize upon any security for the Obligations, or (4) exercise any other right or remedy to which the RECEIVER/TRUSTEE/ is or may be entitled in connection with the Obligations or any security therefor or any other guarantee thereof, except to the extent that any such exercise of such other right or remedy may be a condition to the Obligations of the Operator or to the enforcement of remedies under the Agreement. Upon any unexcused failure by the Operator in the payment or performance of any Obligation and the giving of such notice or demand, if any, to the Operator and Guarantor as may be required in connection with such Obligation, this Guaranty and Applicable Laws, the liability of the Guarantor shall be effective and shall immediately be paid or performed. Notwithstanding the RECEIVER/TRUSTEE's right to proceed directly against the Guarantor, the RECEIVER/TRUSTEE (or any successor) shall

not be entitled to more than a single full performance of the obligations in regard to any breach or nonperformance thereof.

SECTION 3.03. Notice to Guarantor. Upon any unexcused failure by the Operator in the payment or performance of any Obligation, and at least ten (10) Days prior to the RECEIVER/TRUSTEE proceeding against the Guarantor under this Guaranty, the RECEIVER/TRUSTEE shall provide the Guarantor with written notice of the Obligation not paid or performed by Operator.

SECTION 3.04. Guaranty Absolute and Unconditional. The obligations of the Guarantor hereunder are absolute, present, irrevocable and unconditional and shall remain in full force and effect until the Operator shall have fully discharged the Obligations in accordance with their respective terms, and except as provided in SECTION 3.05 hereof, shall not be subject to any counterclaim, set-off, deduction or defense (other than full and strict compliance with, or release, discharge or satisfaction of such Obligations) based on any claim that the Guarantor may have against the Operator, the RECEIVER/TRUSTEE or any other person. Without limiting the foregoing, the obligations of the Guarantor hereunder shall not be released, discharged or in any way modified by reason of any of the following (whether with or without notice to, knowledge by or further consent of the Guarantor):

- (1) the extension or renewal of this Guaranty or the Agreement up to the specified Terms of each agreement;
- (2) any exercise or failure, omission or delay by the RECEIVER/TRUSTEE in the exercise of any right, power or remedy conferred on the RECEIVER/TRUSTEE with respect to this Guaranty or the Agreement except to the extent such failure, omission or delay gives rise to an applicable statute of limitations defense with respect to a specific claim;
- (3) any permitted transfer or assignment of rights or obligations under the Agreement by any party thereto (other than a permitted assignment to a replacement operator in the event of a termination of the Operator pursuant to ARTICLE XIII of the Agreement), or any permitted assignment, conveyance or other transfer of any of their respective interests in the ORDOT FACILITY;
- (4) any permitted assignment for the purpose of creating a security interest or mortgage of all or any part of the respective interests of the RECEIVER/TRUSTEE or any other person in the ORDOT FACILITY;
- (5) any renewal, amendment, change or modification in respect of any of the Obligations or terms or conditions of the Agreement;
- (6) any failure of title with respect to all or any part of the respective interests of any person in the ORDOT FACILITY;
- (7) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshalling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, moratorium, arrangement, composition with creditors or readjustment of, or other similar proceedings against the Operator or the Guarantor, or any of the property of either of them, or any allegation or contest

of the validity of this Guaranty or the Agreement in any such proceeding (it is specifically understood, consented and agreed to that, to the extent permitted by law, this Guaranty shall remain and continue in full force and effect and shall be enforceable against the Guarantor to the same extent and with the same force and effect as if any such proceeding had not been instituted and as if no rejection, stay, termination, assumption or modification has occurred as a result thereof, it being the intent and purpose of this Guaranty that the Guarantor shall and does hereby waive all rights and benefits which might accrue to it by reason of any such proceeding);

- (8) except as permitted by SECTION 4.01 or 4.02 hereof, any sale or other transfer by the Guarantor or any affiliate of any of the capital stock or other interest of the Guarantor or any affiliate in the Operator now or hereafter owned, directly or indirectly, by the Guarantor or any affiliate, or any change in composition of the interests in the Operator;
- (9) any failure on the part of the Operator for any reason to perform or comply with any agreement with the Guarantor;
- (10) the failure on the part of the RECEIVER/TRUSTEE to provide any notice to the Guarantor which is not required to be given to the Guarantor pursuant to this Guaranty and to the Operator as a condition to the enforcement of Obligations pursuant to the Agreement;
- (11) the merger or consolidation of any party to the Agreement into or with any other person, or any sale, lease, transfer, abandonment or other disposition of any or all of the property of any of the foregoing to any person;
- (12) any legal disability or incapacity of any party to the Agreement; or
- (13) the fact that entering into the Agreement by the Operator or the Guarantor was invalid or in excess of the powers of such party. Should any money due or owing under this Guaranty not be recoverable from the Guarantor due to any of the matters specified in subparagraphs (1) through (13) above, then, in any such case, such money, together with all additional sums due hereunder, shall nevertheless be recoverable from the Guarantor as though the Guarantor were principal obligor in place of the Operator pursuant to the terms of the Agreement and not merely a guarantor and shall be paid by the Guarantor forthwith subject to the terms of this Guaranty. Notwithstanding anything to the contrary expressed in this Guaranty, nothing in this Guaranty shall be deemed to amend, modify, clarify, expand or reduce the Operator's rights, benefits, duties or obligations under the Agreement. To the extent that any of the matters specified in subparagraphs (1) through (6) and (8) through (13) would provide defense to, release, discharge or otherwise affect the Operator's Obligations, the Guarantor's obligations under this Guaranty shall be treated the same.

SECTION 3.05. Defenses, Set-Offs and Counterclaims. Notwithstanding any provision contained herein to the contrary, the Guarantor shall be entitled to exercise or assert any and all legal or equitable rights or defenses which the Operator may have under the Agreement

or under Applicable Laws (other than bankruptcy or insolvency of the Operator and other than any defense which the Operator has expressly waived in the Agreement or the Guarantor has expressly waived in SECTION 3.06 hereof or elsewhere hereunder), and the obligations of the Guarantor hereunder are subject to such counterclaims, set-offs or defenses which the Operator is permitted to assert pursuant to the Agreement or under Applicable Laws (other than bankruptcy or insolvency of the Operator and other than any defense which the Operator has expressly waived in the Agreement or the Guarantor has expressly waived in SECTION 3.06 hereof or elsewhere hereunder), if any.

SECTION 3.06. Waivers by the Guarantor. The Guarantor hereby unconditionally and irrevocably waives:

- (1) notice from the RECEIVER/TRUSTEE of its acceptance of this Guaranty;
- (2) notice of any of the events referred to in SECTION 3.04 hereof, except to the extent that notice is required to be given as a condition to the enforcement of Obligations;
- (3) to the fullest extent lawfully possible, all notices which may be required by statute, rule of law or otherwise to preserve intact any rights against the Guarantor, except any notice to the Operator required pursuant to the Agreement or Applicable Laws as a condition to the performance of any Obligation;
- (4) to the fullest extent lawfully possible, any statute of limitation defense based on a statute of limitations period which may be applicable to guarantors (or parties in similar relationships) which would be shorter than the applicable statute of limitations period for the underlying claim;
- (5) any right to require a proceeding first against the Operator;
- (6) any right to require a proceeding first against any person or the security provided by or under the Agreement except to the extent the Agreement specifically requires a proceeding first against any person (except the Operator) or security;
- (7) any requirement that the Operator be joined as a party to any proceeding for the enforcement of any term of the Agreement or this Guaranty;
- (8) the requirement of, or the notice of, the filing of claims by the RECEIVER/TRUSTEE in the event of the receivership or bankruptcy of the Operator; and
- (9) all demands upon the Operator or any other person and all other formalities the omission of any of which, or delay in performance of which, might, but for the provisions of this SECTION 3.06, by rule or law or otherwise, constitute grounds for relieving or discharging the Guarantor in whole or in part from its absolute, present, irrevocable, unconditional and continuing obligations hereunder.

SECTION 3.07. Payment of Costs and Expenses. The Guarantor agrees to pay the RECEIVER/TRUSTEE on demand all reasonable costs and expenses, legal or otherwise

(including counsel fees), incurred by or on behalf of the RECEIVER/TRUSTEE in successfully enforcing by legal proceeding observance of the covenants, agreements and obligations contained in this Guaranty against the Guarantor, other than the costs and expenses that the RECEIVER/TRUSTEE incurs in performing any of its obligations under the Agreement, where such obligations are a condition to performance by the Operator of its Obligations.

SECTION 3.08. Subordination of Rights. The Guarantor agrees that any right of subrogation or contribution which it may have against the Operator as a result of any payment or performance hereunder is hereby fully subordinated to the rights of the RECEIVER/TRUSTEE hereunder and under the Agreement and that the Guarantor shall not recover or seek to recover any payment made by it hereunder from the Operator until the Operator and the Guarantor shall have fully and satisfactorily paid or performed and discharged the Obligations giving rise to a claim under this Guaranty.

SECTION 3.09. Separate Obligations; Reinstatement. The obligations to the Guarantor to make any payment or to perform and discharge any other duties, agreements, covenants, undertakings or obligations hereunder shall: (1) to the extent permitted by Applicable Laws, constitute separate and independent obligations of the Guarantor from its other obligations under this Guaranty; (2) give rise to separate and independent causes of action against the Guarantor; and (3) apply irrespective of any indulgence granted from time to time by the RECEIVER/TRUSTEE. The Guarantor agrees that this Guaranty shall be automatically reinstated if and to the extent that for any reason any payment or performance by or on behalf of the Operator is rescinded or must be otherwise restored by the RECEIVER/TRUSTEE, whether as a result of any proceedings in bankruptcy, reorganization or similar proceeding, unless such rescission or restoration is pursuant to the terms of the Agreement, or the Operator's enforcement of such terms under Applicable Laws.

SECTION 3.10. Term. This Guaranty shall remain in full force and effect from the date of execution and delivery hereof until all of the Obligations of the Operator have been fully paid and performed. This Guaranty shall be effective irrespective as to when the Operation Commencement Date occurs.

If a consolidation, merger or sale or other transfer is made as permitted by this SECTION 4.01, the provisions of this SECTION 4.01 shall continue in full force and effect and no further consolidation, merger or sale, or other transfer shall be made except in compliance with the provisions of this SECTION 4.01. No such consolidation, merger or sale, or other transfer shall have the effect of releasing the initial Guarantor from its liability hereunder unless a successor entity has assumed responsibility for the Guaranty as provided in this SECTION 4.01, and if such transaction results in a material decline in Guarantor's credit standing, the successor Guarantor shall provide credit enhancement.

SECTION 4.07. Liability. It is understood and agreed to by the RECEIVER/TRUSTEE that nothing contained herein shall create any obligation of or right to look to any director, officer, employee or stockholder of the Guarantor (or any Affiliate thereof) for the satisfaction of any obligations hereunder, and no judgment, order or execution with respect to or in connection with this Guaranty shall be taken against any such director, officer, employee or stockholder.

APPENDIX 3
CALCULATION OF ADJUSTMENT FACTOR

APPENDIX 3

CALCULATION OF ADJUSTMENT FACTOR

Example

Index values for the most recent month, or quarter in the case of the Employment Cost Index (ECI), preceding anniversaries of the Operation Commencement Date shall be used to calculate the Adjustment Factor to be applied in each Operating Year. In the example below, assuming that the Operation Commencement Date is April 15, 2017, the methodology for calculation of the Adjustment Factor to be applied in the second Operating Year would be the percentage change over the one (1) year period from the Operation Commencement Date (April 15, 2017) to the anniversary date (April 15, 2018), using January 2017 Index values and January 2018 Index values and calculating the changes from the previous year to the current year.

However, since the employment data for the Employment Cost Index (ECI) are published as quarterly data, the ECI's most recent Index value preceding the assumed Operation Commencement Date and its anniversary shall be used, which for the example below, would be the Index value for the quarter ending in December instead of a month of January value. The following example illustrates the proper method of calculating the Adjustment Factor and applying it to adjust certain fees, as applicable, pursuant to this Agreement. All values used in the example are hypothetical.

Adjustment Factor	Fixed Component	Index data for Construction Machinery & Equipment	Index data for Employment Cost Index*	Index data for Diesel Fuel
for Operating Year 2 =	(.18) +	(.30 x ((January '18 - January '17) ÷ January '17) +	(.37 x ((December '18 - December '17) ÷ December '17) +	(.10 x ((January '18 - January '17) ÷ January '17)

*Index data are for quarter ending in December

Calculation of Adjustment Factor – Example						
Index	% of Total	Year 2 Index Value	Year 1 Index Value	Difference	% Change	% Adjustment
Fixed Component (no adjustment applied)	18.0%	n/a	n/a	0.0	0.000%	0.000%
Construction Machinery & Equipment	30.0%	110.0	107.1	2.9	2.708%	0.812%
Employment Cost Index	37.0%	162.0	156.8	5.2	3.316%	1.227%
Gasoline Fuel	15.0%	138.4	134.0	4.4	3.284%	0.493%
Adjustment Factor	100.0%					2.532%

Notes: The Index values used above are only example Index values and do not reflect actual Index values for those months. Employment Cost Index data for the quarter ending in December would be used for these calculations, while the January index values for the Construction Machinery & Equipment and Gasoline Fuel series of the Producer Price Index would be used.

Using the example values shown in the table above, the Adjustment Factor would be 2.532%. This Adjustment Factor would be multiplied by the fee to be adjusted pursuant to this

Agreement to determine the adjusted value of such fee in the new Operating Year. As an example, if the Base Operating Fee in Operating Year 1 to be adjusted is \$200,000 per Operating Year, then the adjusted Base Operating Fee for Operating Year 2 would be determined by applying the Adjustment Factor calculated above as follows:

$$\$1,500,000 \times (1 + \text{Adjustment Factor}) = \text{Base Operating Fee in Operating Year 2}$$

$$\$200,000 \times (1 + (.30 \times ((110.0-107.1) \div 107.1)) + (.37 \times ((162.0-156.8) \div 156.8)) + (.15 \times ((138.4-134.0) \div 134.0))) = \text{Base Operating Fee in Operating Year 2}$$

or

$$\$200,000 \times 1.02532 = \$205,064 \text{ per Operating Year}$$

The adjusted Base Operating Fee for Operating Year 2, as shown in this example, would be \$205,064 or \$17,088.67 per Invoicing Period.
