“With unforeseen equipment breakdowns that occurred today, trash collections were prioritized and were completed by 4:48pm,” said GSWA General Manager Larry Gast. “Unfortunately, after only completing about 33% of the recycle collections, it was decided that the best action to take was to reschedule the remaining areas while we work to fix the operational issues. On behalf of the GSWA, we apologize for the inconvenience and appreciate our customers’ understanding.”

Customers affected are reminded to place recycle carts curbside by Sunday evening.

Recycle notices and updates are posted on the GSWA website at [www.guamsolidwasteauthority.com](http://www.guamsolidwasteauthority.com).

Customers may also sign up for Recycle Email Reminders on the website to receive any updates as they arise.
