To: Guam Solid Waste Authority,

Re: Sole Source Justification – Truck Scale Calibration Services for Guam

Dear Procurement Team:

This letter confirms that Young Scale Co. is the only established provider of NTEP-compliant truck scale calibration services on Guam.

Young Scale Co. is NTEP-certified by the State of Hawaii, the closest U.S. state to Guam, and has been a recognized certified scale company serving Guam continuously since the 1990s. As the only scale company with established relationships with local business partners, we maintain the specialized equipment, certified test weights, trained technicians, and local operational capability required to perform accurate, standards-compliant truck scale calibrations that meet NIST Handbook 44 and applicable regulatory requirements.

No other provider currently maintains an established presence on Guam with the equivalent certification, equipment, and long-term operational history necessary to deliver these services.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chris Shiramizu', written in a cursive style.
